GENERAL INFORMATION

The Piper Saratoga is a six-seat, high-performance, single engine, all-metal fixed-wing aircraft produced by Piper Aircraft.

The Saratoga is known for its spacious cabin, wide flat floors and large cargo doors. In fact, comfort and convenience have always been the Saratoga's bywords. If turbocharging helps define the mission of a Saratoga II TC, comfort is its true *raison d'être*. The Saratoga II TC's blower preserves the engine's full sea-level power to the high teens, which means you can pull an easy 75% at 20,000 feet.

ASKING PRICE: USD 230,000 (ex. VAT)

This Aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.
