GENERAL INFORMATION

The Piper Saratoga is a six-seat, high-performance, single engine, all-metal fixed-wing aircraft produced by Piper Aircraft. OY-GKM is a very low time aircraft, in impeccable condition, always kept hangared, and has just completed an engine top OH and Prop OH in January 2017. **EU VAT is Paid on this aircraft!**

The Saratoga is known for its spacious cabin, wide flat floor and large cargo doors. In fact, comfort and convenience have always been the Saratoga's bywords. If turbocharging helps define the mission of a Saratoga II TC, comfort is its true raison d'être. The Saratoga II TC's blower preserves the engine's full sea-level power to the high teens, which means you can pull an easy 75% at 20,000 feet.

Available from 1 st. October 2018.

Asking Price: 269,000 USD (EX.VAT)

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.
