GENERAL INFORMATION

The Archer DX is Piper's newest generation of aircraft for today's pilot. Unparalleled fuel efficiency and superior operating economics offer the freedom of flight with less expenditure.

A Continental 2.0S diesel engine and advanced Garmin avionics suite ensure reliability in this contemporary aircraft. With 15% less acquisition costs*, the Archer DX offers a compelling argument in the current economy.

Piper continues to evolve to meet the modern pilot's needs, while promoting the most fundamental legacy and maintaining the original intent: A passion for flying.

*Compared to other four-place diesel trainer aircraft.
