GENERAL INFORMATION

The Dassault Falcon 2000LXS is the best of the best in this class of business jet, combining superior power and range with low operating costs and luxurious comfort!

This is the peak in its class: a spacious, stylish and quiet business jet, that will have you flying in both style, comfort and speed, while enjoying a large and light-filled cabin.

This Falcon 2000LXS is in prime condition with low total time and a very limited number of cycles. It has been washed and detailed after every flight, and has been maintained with Permagard since 2018. Every month the aircraft has had front edges and engine inlets polished.

This is a robust and reliable aircraft, ready for operating both as a business tool and a luxurious private transport.

A prime example, ready to go!

Asking price: USD 22.500.000 (ex. VAT)
