## GENERAL INFORMATION

The Archer® DX is the ideal diesel-powered trainer with the durability, reliability, comfort and technology that you students, instructors and passengers will thank you for.

The DX is the green alternative, powered by the Continental CD-155 diesel engine, burning the more efficient jet fuel.

It also boasts the Garmin® G1000® NXi avionics suite in the cockpit.

Asking price: USD 729,000 (ex.VAT)

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.
